Where are the Jobs – Chicago Metro Region Q3

Source: Help Wanted Online (HWOL), a service of The Conference Board www.conference-board.org. Job posting data summarized here covers the seven county Chicago metropolitan area (Cook, DuPage, Lake, Will, McHenry, Kane, and Kendall). Data has been retrieved from hundreds of online job boards and company websites. The following postings are excluded: (1) Bulk Employers (includes work at home opportunities, training opportunities, and companies that re-post ads from other employers on their own site, obscuring the name of the employer and (2) Third Party Postings (job boards that simply re-post opportunities from other sites already collected by HWOL). This report should not be used as a comprehensive list of available jobs in Chicago. Some industries use other methods for hiring, including industries that are heavily unionized. Feedback from Chicago businesses indicates that low skilled jobs are often filled easily, without the need to post online. These types of industries and occupations may be under-represented here. In addition, these jobs were posted at some point within a 90 day period, and may or may not have been filled by the time this report was released.
